Charging and battery storage

EVHY

DC/DC charging and battery storage in one system for projects with limited grid capacity.

240-400 kW

Key specifications

Charging power	**240 or 400 kW**
Battery capacity	**233 or 466 kWh**
Connectors	**2 × CCS2**
Cable length	**5 m or 7 m, depending on model**
System	**DC/DC charging with battery storage**
